The Stuffed Woodpecker Farm

SÍTIO DO PICA PAU EMPALHADO

Thirty years after everyone at the Yellow Woodpecker Farm vanished, investigators pull the lone survivor out of an asylum and take him back. Every memory brings the evil closer.

THE PROPOSAL

The most beloved place of Brazilian childhood has kept a secret for thirty years.

Thirty years after everyone vanished from the Farm, the only survivor turns up in a forensic asylum. The investigators take him back — and learn why they should have stayed away.

WHY THIS PROJECT

Horror with characters every Brazilian knows: the shortest route to an audience.

01 Monteiro Lobato has been in the public domain since 2019: characters generations of Brazilians know, with no licence to pay.

02 A childhood icon turned horror makes news everywhere: Winnie-the-Pooh: Blood and Honey cost under US$100,000 and made over US$7 million.

03 One location and a title that sells itself in Brazil, in a genre that travels abroad.
